

I know number bonds to 20.

$0 + 20 = 20$	$20 + 0 = 20$	$20 - 0 = 20$	$20 - 20 = 0$
$1 + 19 = 20$	$19 + 1 = 20$	$20 - 1 = 19$	$20 - 19 = 1$
$2 + 18 = 20$	$18 + 2 = 20$	$20 - 2 = 18$	$20 - 18 = 2$
$3 + 17 = 20$	$17 + 3 = 20$	$20 - 3 = 17$	$20 - 17 = 3$
$4 + 16 = 20$	$16 + 4 = 20$	$20 - 4 = 16$	$20 - 16 = 4$
$5 + 15 = 20$	$15 + 5 = 20$	$20 - 5 = 15$	$20 - 15 = 5$
$6 + 14 = 20$	$14 + 6 = 20$	$20 - 6 = 14$	$20 - 14 = 6$
$7 + 13 = 20$	$13 + 7 = 20$	$20 - 7 = 13$	$20 - 13 = 7$
$8 + 12 = 20$	$12 + 8 = 20$	$20 - 8 = 12$	$20 - 12 = 8$
$9 + 11 = 20$	$11 + 9 = 20$	$20 - 9 = 11$	$20 - 11 = 9$
$10 + 10 = 20$		$20 - 10 = 10$	

$14 + 6 = 20$

$20 - 6 = 14$

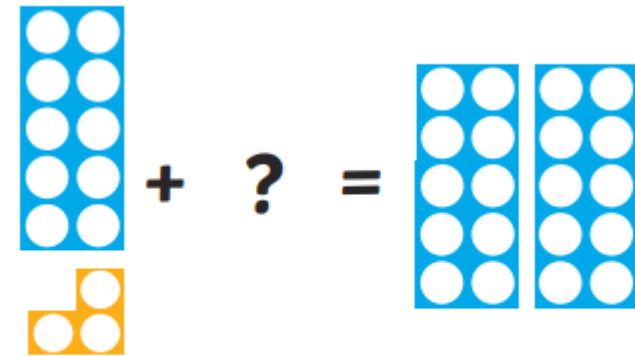

$15 + 5 = 20$

$20 - 5 = 15$

How can my parents help at home?

When practising key recall facts it is important to do so little but often. Your children should be confident in finding number bonds from their maths work in Year 1 but it is important that they continue to practice them regularly.

There will be activities related to this key fact uploaded onto the Maths page on the GSA website. These will include worksheets and websites. Try doing some of these at home. Your child will be tested weekly on this key fact so it is important to practice it at home.

$$13 + \square = 20$$
